Better Together: Gaining Buy-In for Optimal Ventilation

This 1-hour training on indoor air quality (IAQ) in schools—

- Conveyed how to gain buy-in from senior management and other stakeholders by successfully communicating how academic performance can be improved with a comprehensive IAQ management program, which includes providing optimal ventilation.
- Trained school personnel to improve ventilation and save energy by taking critical actions and implementing proven Technical Solutions from the *IAQ Tools for Schools* Action Kit.
- Demonstrated how to use the School IAQ Assessment Mobile App to increase participation in and accountability for regular assessments of the indoor school environment.
- Prepared participants to replicate proven strategies used by a school district to successfully garner broad stakeholder support for implementing preventive maintenance plans for optimal ventilation.
